

# Traveler's Guide

Welcome to our Traveler's Guide, a comprehensive document designed to make your travel for surgery experience as smooth and hassle-free as possible. We understand that traveling for medical purposes can be stressful, which is why we have put together this guide to help ease the process for our patients. Whether traveling alone or with a companion, our guide provides all the essential information you need, from airport transportation to proven accommodations and personal nursing care. We hope this guide will help make your journey as comfortable and stress-free as possible, so you can focus on what matters most - your health and well-being.

Lawrenceville, GA 30046  
Tel: 770-338-1666  
Cell: 470-321-2769 (scheduling)

## DRIVING

Driving to Lawrenceville is a great option for out-of-town patients who live close enough and want to have more control over their transportation. The city is easily accessible from major highways and interstates, making it a convenient destination for those traveling by car. If you decide to drive, be sure to use GPS navigation to avoid getting lost or stuck in traffic. Dr. Schwartz's clinic and surgery center is located just off Highway 316, which is a major thoroughfare in the area. The drive to Lawrenceville can be a scenic one, with beautiful views of the surrounding countryside. Additionally, there are plenty of restaurants, gas stations, and rest stops along the way, making it easy to take breaks and refresh yourself during your journey. Our address: 631 Professional Drive, Suite 300, Lawrenceville, GA 30046

## FLYING

If you are flying, then your best option is Atlanta. The airport is Hartsfield-Jackson Atlanta International Airport and the code is ATL. Please know there are two separate terminals – Domestic and International (this matters most when you are picking up your luggage and departing as they are not connected for your check-in purposes)

You could use the local taxi service, which is available at the airport 24/7, or you could opt for Uber, which is also a popular choice for many travelers. Both options are convenient and reliable, and you can easily book them using your smartphone or at designated booths located within the airport.

Uber now offers the option to have your ride ready and waiting for you when you land. Just follow the signs for “Share Ride” from the luggage pick-up.

Dr. Schwartz's clinic and surgery center are about 40 miles by car from the airport. That is about 57 minutes in moderate traffic.

The cost of Uber varies based on the time of the day but on average you can expect \$50-\$60 per ride with UberX for up to 4 people.

Please use this address:

631 Professional Drive  
Lawrenceville, GA 30046

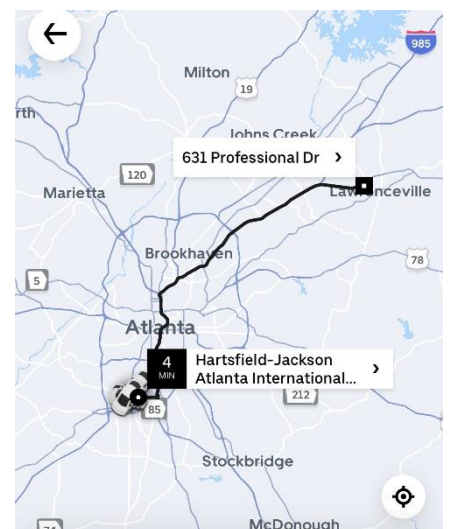

Taxis are also readily available at the airport.

### Your ride, ready when you land

- ✈ Driver is ready when your flight lands, even if it's delayed
- 🕒 Up to 60 minutes of wait time after you land
- 📅 Book your ride up to 90 days in advance so you know you're set once you land

Let's go →

## CARE

**Please know that patients must be discharged to an adult 21 years of age and older following their surgery. It is recommended that patients have care/companionship for the first 24 hours following their surgery.**

Out-of-town patients traveling alone or those who think they may require additional assistance or medical care can explore nursing agencies or in-home care services. These companies provide services from companionship, and personal care to skilled nursing care to those who need it. There are several options available, and patients can choose the one that fits their needs and budget.

One such option is Visiting Angels, which provides in-home care and companion services to patients in Lawrenceville and surrounding areas. Their services include medication reminders, transportation, and other basic services. They do not provide nursing staff and therefore cannot help with dressing changes, etc.

**678-825-8072**

Then there are Nurses and Companions. They have a team of highly trained caregivers and registered nurses who are dedicated to providing compassionate and personalized care to each patient. Patients in need of dressing and JP drain change assistance or basic wound care can benefit from this service.

Whatever your needs may be, there are several options available to ensure that you receive the care and support you need during your stay in Lawrenceville.

## ACCOMMODATIONS

Out-of-town patients seeking accommodations have many options available to them, from hotels to homes. You can use popular online applications such as VRBO or Airbnb to locate homes that fit your needs. For those who prefer hotel accommodations, there are several options located close to our clinic and surgery center. Some of the recommended hotels include the Hampton Inn, the Hilton Garden Inn, and the Holiday Inn Express. These hotels offer various amenities, including free breakfast, and fitness centers, and they may even provide shuttle services to and from the airport. You can also use Booking.com, a popular resource for searching for accommodations, to find hotels in the area. Regardless of which option you choose, you can rest assured that there are plenty of comfortable and convenient accommodations available to you during your stay.
